Investors should consider the investment objectives, risks, and charges and expenses of the investment carefully before investing. You may obtain them from the Funds' distributor, Baron Capital, Inc., by calling 1-800-99BARON or visiting www.BaronCapitalGroup.com. Please read them carefully before investing.

Risks: Growth stocks can react differently to issuer, political, market and economic developments than the market as a whole. Non-U.S. investments may involve additional risks to those inherent in U.S. investments, including exchange-rate fluctuations, political or economic instability, the imposition of exchange controls, expropriation, limited disclosure and illiquid markets, resulting in greater share price volatility. Securities of small and medium-sized companies may be thinly traded and more difficult to sell. Single issuer risk is the possibility that factors specific to an issuer to which the Fund is exposed will affect the market prices of the issuer's securities and therefore the net asset value of the Fund.

Portfolio holdings are subject to change. Current and future portfolio holdings are subject to risk.
