1 - Pursuant to the Fund's unitary management fee structure, BAMCO, Inc. ("BAMCO" or the "Adviser") will pay all expenses of the Fund, except for portfolio transaction costs, interest and dividend expense, acquired fund fees and expenses, fees and expenses related to filing foreign tax reclaims, line of credit expenses, and extraordinary expenses. **2** - Sources: Baron Capital and FactSet PA. **3** - The Russell market cap breakpoints are provided by The Bank of New York Mellon in their monthly Total United States Equity Profile Report, which recalculates the "Russell 3000 Index Breakpoints" for the various market cap segments on a monthly basis applying the methodology used for the Russell Indexes at reconstitution. **4** - The Global Industry Classification Standard ("GICS") was developed by and is the exclusive property and a service mark of MSCI Inc. ("MSCI") and S&P Global Market Intelligence ("S&P") and is licensed for use by BAMCO, Inc. and Baron Capital Management, Inc. (each an "Adviser" and collectively "Baron Capital" or the "Firm"). Neither MSCI, S&P, nor any other party involved in making or compiling the GICS or any GICS classification makes any express or implied warranties or representations with respect to such standard or classification (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability and fitness for a particular purpose with respect to any of such standard classification. Without limiting any of the foregoing, in no event shall MSCI, S&P, any of their affiliates or any third party involved in making or compiling the GICS or any GICS classifications have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages. All GICS structure changes that have occurred since 2016 have been applied retroactively in historical holdings-based analyses, including performance attribution. Risks: Securities issued by small and medium-sized companies may be thinly traded and may be more difficult to sell during market downturns. Growth stocks can react differently to issuer, political, market and economic developments than the market as a whole and other types of stocks. The risk of investing in special situations is that the anticipated development does not occur or its impact is not what the Adviser expected. Even though the Portfolio is diversified, it may establish significant positions where the Adviser has the greatest conviction. This could increase volatility of the Portfolio's returns.

Investors should consider the investment objectives, risks, charges, and expenses of the Fund carefully before investing. The prospectus and summary prospectus contain this and other information about the Fund and can be obtained from the Fund's distributor, Baron Capital, Inc., by calling 1-800-99-BARON or visiting BaronCapitalGroup.com. Please read them carefully before investing.

Historical performance was impacted by gains from IPOs. There is no guarantee that these results can be repeated or the level of IPO participation will be the same in the future.

Investors generally incur the cost of the spread between the prices at which shares are bought and sold. Buying and selling shares may result in brokerage commissions which will reduce returns.

Prior to trading in the secondary market, shares of the fund are "created" at NAV by market makers, large investors and institutions only in block-size Creation Units. Each "creator" or "Authorized Participant" enters into an authorized participant agreement with Baron Capital, Inc. Only an Authorized Participant may create or redeem Creation Units directly with the fund.

Investors buy and sell shares of ETFs at market price (not NAV) in the secondary market throughout the trading day. These shares are not individually available for purchase or redemption directly from the ETF. Baron Capital, Inc. serves as the distributor of the Creation Units for the ETFs on an agency basis. Baron Capital does not maintain a secondary market in Fund's shares.

Portfolio holdings may change over time. Current and future portfolio holdings are subject to risk.
